

# How to buy BNB?

**Binance Smart Chain and requires to have BNB BEP-20 format in your wallet for registration.**

There are 2 simple ways to get it.

## 1. Binance Exchange

If you have already had an account on Binance, you can buy BNB on the exchange.

A simple registration procedure and the ability to purchase cryptocurrency with fiat will allow you to buy BNB and send it to your decentralized wallet.

Over 70 BNB trading pairs are available on the exchange.

**Binance withdrawal fees for BNB:**

- BEP-20 (BSC): 0.0008 BNB
- BEP-2 (BC): 0.001 BNB

**When withdraw make sure you send coins to the Binance Smart chain network BEP-20 and wallet address start from 0x..., not bnb...**

Transfer network ⓘ

Binance Chain (BNB)  
BEP2

Fee: 0.001 BNB  
≈ \$0.268548

Binance Smart Chain (BSC)  
BEP20 (BSC)

Fee: 0.0008 BNB  
≈ \$0.214838

Reminder: For the safety of your funds, please confirm again that the network you wish to use is BSC.

Amount

Minimum Withdrawal 0.01 BNB

Max BNB

## 1. Trust Wallet

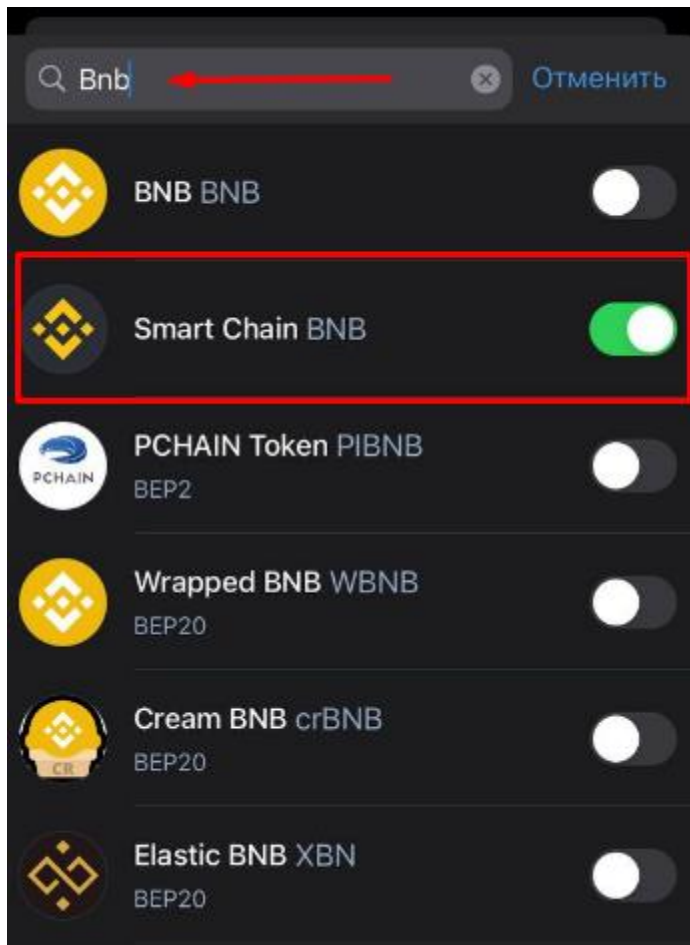

A decentralized wallet from Binance exchange for mobile devices.

Thanks to the integration with the Simplex provider, you can buy BNB inside your wallet using VISA / MasterCard card. Apple Pay is also available for buying crypto.

When buying from a card the commission in Trust Wallet can reach up to 12%.

At the same time, the minimum purchase amount from a credit card is \$50, the maximum is \$20,000.

**In Trust Wallet, the BNB coin of BEP-20 format we need is called Smart Chain (BNB).**

**When withdraw make sure you send coins to the Binance Smart chain network BEP-20 and wallet address start from 0x..., not bnb...**

**Also, inside the wallet, you can buy another cryptocurrency (BTC, ETH, etc.) and swap it to Smart Chain (BNB).**
